Remarks/Additional Information:
CALL OUT:

COUNTER SAMPLE

1. **Fill in ALL sample information in OnePLM** for the correct style # & season. Fill in vendor, fabric/yarn details, wash method, and any special callouts for costing options. [[Reference: Samples > Samples: How to, FAQs & Troubleshooting](#)]
2. For any style set up in OnePLM, print counter sample or color run sample tags from **OnePLM sample tag report** after making sure ALL sample fields are filled in. [[Reference: Printing > Printing Sample Tag Report](#)]
 - Only use the **Sample Tag - All Apparel Categories** sample tag if no style information exists in OnePLM. [[Reference: Policies and Procedures > Sample Tag - All Apparel Categories](#)]
3. Measure only 1 counter sample or color run sample against POM spec.
4. Write sample measurements on **printed POM page** from OnePLM and staple measurement page to the back of the sample tag. Write CTD name that measured the sample on the back of the sample tag as well. [[Reference: Printing > Printing POM Page](#)]
5. Mark measured sample tag with **green** dot or sticker to indicate the sample was verified against the POM specs. This sample will be passed to Kohl's Technical Design for fitting when the style is adopted.
