

SMART COPY POM PAGE USING MULTI WINDOW

WARNING: When Smart Copying a POM page, if a vendor was previously assigned to a POM page only the assigned vendor will have access to the POM page. To give access to another vendor the information must be deleted.

1. Navigate to the POM tab. Click More Actions > Multi Window **OR** click the hot key at the top.

2. The Search POM window will open. Type ahead and enter the style number to copy the POM page from.
3. Click Search or hit enter on keyboard.

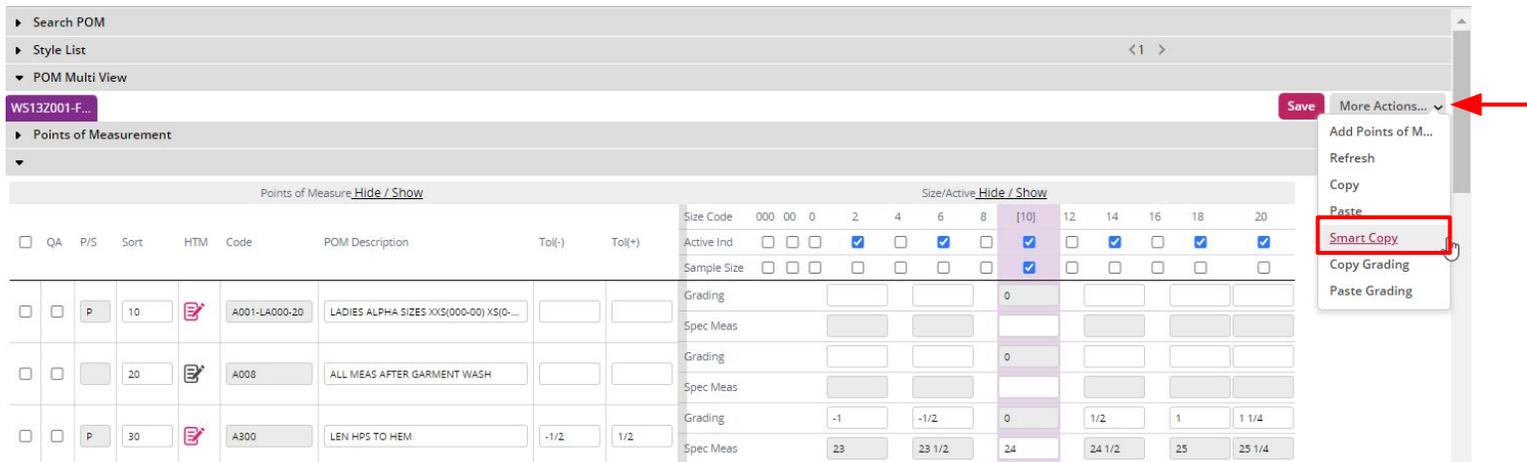

4. The Style List window will open showing all POM pages in the selected style. Click the box of the POM page to Smart Copy.
5. Click Open. Note: Use the POM Page Description field to help determine which POM page to select to smart copy.

The screenshot shows the 'Style List' window with a table of POM pages. The 'POM Page Description' column is highlighted with a red box. The first row is selected, and a red arrow points to the 'Open' button at the bottom right.
