<b>Initial Package</b>			
<b>Label Verification</b>			
California Cleaning Product Right to Know Act – Manufacture Date / Manufacture Date Code / Adult Tracking Label	California Cleaning Product Right to Know Act of 2017 / Senate Bill No. 258, Section 108956 / Kohl's Requirement	1 Sample	(Not applicable to Pesticide Products defined in Food and Agricultural Code) Report actual. The product label shall include a manufacture date or manufacture date code. -If manufacture date is listed, it shall include the day, month, and year. -If a manufacture date code is shown on the product label, the manufacturer shall provide an interpretation on the code of manufacture date and/or a toll-free phone number can also be approached to determine the manufacture date of the product.
California Cleaning Product Right to Know Act – Product Label	California Cleaning Product Right to Know Act of 2017 / Senate Bill 258, Section 108954	1 Sample	(Not applicable to Pesticide Products defined in Food and Agricultural Code) The product label shall include the following information: -A full list of all intentionally added ingredient and allergens in descending order disclosure as per the Act -A toll-free telephone number of the manufacturer -Website address of the manufacturer  Note: If the product label does not include all intentionally added ingredients (e.g. confidential ingredients or individual fragrances and colorants that aren't listed), it shall include the following statement before the website and phone number: "For more ingredient information visit".  Exception: A product manufactured before January 1, 2021 that does not meet the product label requirements may be deemed in compliance if it lists a manufacture date or manufacture date code on the product label indicating that the product was manufactured prior to the compliance date. If the product label does not meet the requirements, but a manufacture date or manufacture date code prior to the compliance date is listed, rate this test line as "NA" and "Data" and include the appropriate remark(s)
California Cleaning Product Right to Know Act – Chemical Nomenclature of Ingredients	California Cleaning Product Right to Know Act of 2017 / Senate Bill No. 258, Section 108955	1 Sample	The ingredients on the product label and manufacturer's website shall be reviewed to determine if they are listed using the appropriate nomenclature.  The chemical nomenclature of ingredients shall be listed using below nomenclature system: -Consumer Specialty Products Association Consumer Products Ingredients Dictionary (CSPA Dictionary) or International Nomenclature of Cosmetic Ingredients (INCI); If not found on the above lists, IUPAC nomenclature: -If not available in the above formats, Chemical Abstracts index name; -If not available in the above formats, the Common chemical name may be used.  Ingredients that are confidential business information may be listed using a generic name.  Depending on the ingredient disclosure method used, the product label may optionally list: -"Contains Fragrance Allergen" if fragrance ingredient is included on the EU Cosmetics Regulation 1223/2009 -Colorants may be listed as "colorants" and non-allergen fragrance ingredients may be listed as "fragrances"  Note: Evaluate ingredient nomenclature only
