# FIT EVAL

REVERT TO PREVIOUS FILE VERSION

If **REPLACE IMAGE** was used, OnePLM saves the old file. This is helpful to go back to old files that were recently replaced.
1. Navigate to the Fit Eval **Attachments** Tab. Click **VER** below image to view previously saved images.
2. Locate version to revert back to. Select **Make Current.**

SORTING ATTACHMENTS
1. Navigate to the Fit Eval **Attachments** Tab.
2. Fill in sort field with desired number order. Click **Save.**
