## HOW TO DECIDE WHICH REASON CODE TO CHOOSE

There may be instances where there is more than one reason the sample is not fit approved. Choose the primary reason for not approving.

<u>Reason Code Title</u>	<u>Reason Code Description</u>
<b>3D APPVD - SEND FIT SAMPLE</b>	The 3D sample is approved. Send physical fit sample for review/fit approval.
<b>3D NOT APPVD - SEE COMMENTS</b>	The 3D sample is not approved. KTD to decide how to proceed, either with another 3D sample or physical fit sample.
<b>Block Not Followed</b>	The Block/Reference Pattern was not used
	The Block/Reference Pattern was altered too far from its original state
<b>Construction Change</b>	If Kohl's or vendor requests construction change that affects fit
	Construction change proposed without mock-up or sample option
<b>Critical Meas Out of Tolerance</b>	The critical/important POMs that are out of tolerance and the POMs alter fit or design aesthetics
<b>Design/Styling Change</b>	The design or styling details have changed that alters fit aesthetic and requires an additional fit round
<b>Did Not Follow Previous Comments</b>	If garment came exactly as previous round and requires same corrections
	Garment does not follow comments from last round
<b>Does Not Meet Safety Requirements</b>	The garment does not follow the requirements set by the Kohl's Department Stores Product Safety & Regulatory Standards
<b>Fit Changes</b>	Sample followed all criteria but could not be fit approved. New sample is required
<b>No Counter Received</b>	No counter sample was received
<b>Poor Construction/Workmanship</b>	Construction or workmanship is so poor it impacts the fit
<b>Poor Pattern Execution/Not Balanced</b>	The garment is not balanced
	Pattern application is so poor the garment execution is affected
<b>Special Size</b>	No sample requested. Did not need/want sample.
<b>Styling/Design Intent Not Followed</b>	There are details not executed on the garment that impacts brand and fit aesthetics
<b>Vendor Change</b>	Vendor changed after fit process has started
<b>Wrong Fabric/Tension/Yarn/Wash</b>	Fabric/yarn was not correct so garment cannot be fit
	Knit tension does not match the standard
	Garment Wash does not match the approved wash standard
	Garment Finish does not match Bill of Materials/Approved standard
