## Packaging Variable Guide

### Apparel Only

**QUESTIONS?** Creative: Kristin Rechlin, Melissa Carringer | Graphics Production: Darren Lussow, Stacie Leren | **GSPS:** Lauren Aghijan | **PM:** Jamie Weidman

# Purpose

This guide is the current and up-to-date guide for all approved Packaging Variables.

This guide represents the approved formatting for each variable, any exceptions to the formatting shown in this guide will be noted on the specific artwork as necessary.

Please see the [Packaging Execution & Production Share Drive](#) and the [Variable Data Menus](#) for additional information and resources.

## What do I do if I need a Variable not in this Guide?

Production and/or Merchant partners should request a new variable be reviewed, approved and added to the appropriate list via the [variable request form](#).

## Table of Contents

# Legal Reviews: Fit, Style or Collection Names & Branded Content

**IMPORTANT:** All fit, style and collection names and any other “branded content” used on products must be reviewed by Kohl’s Legal Team. If a name is “cleared,” it can be used for all products in the category that was cleared as long as the name is used continuously. If the use expands to other categories or the use is not continuous, a new legal review is required.

## Disclaimers

# Care Field Product Disclaimer Variables

Disclaimer statements are developed by Product Integrity and must be used exactly as shown under **Disclaimer Statement** below without modification. Last updated March 2021.

Code	Description	Disclaimer Statement
D01	Use when dry crocking and appearance issues with improvement after wash.	<b>Designed to fade with each wash.</b>
D03	Use when there are dry/wet crocking issues with NO improvement after wash.	<b>Wash separately or with like colors. Color may transfer to light-colored surfaces.</b>
D08	Use when there is a foreseeable pilling problem.	<b>Pilling may occur due to friction.</b>
D09	Use when there is a unique glitter application.	<b>Glitter application may shed with wash and wear.</b>
D14	Use when the item has been intentionally distressed.	<b>Garment is distressed and may change over time during wash and wear.</b>
D16	Use when the fabric treatment/look of an item varies from one to the next.	<b>Unique fabrication or processing may vary in appearance.</b>
D18	Dry/Wet crocking issues with NO improvement after wash and product has appearance issues.	<b>Designed to fade. Color may transfer to light-colored surfaces.</b>
D21	Hard Home and Accessories - Dry/West Crocking issues.	<b>Color may transfer to light-colored surfaces.</b>
