KOHL'S RESPONSIBLE PRODUCT FEATURES

- *Responsible Solutions: Do you have any of these third party certifications?*
- *OEKO-TEX: If OEKO-TEX, what is the certification number?*
- *Organic: Do you have any of these third party Organic certifications?*

We understand that many products & brands may have eco-friendly or sustainable aspects, however the Responsible Product Attributes are only for specific certifications. Please **ONLY** fill out the Responsible Product Attributes if the product has **one or more of the following recognized 3rd party certifications**:

- | | | |
|---------------------------------------------------|----------------------------------------|----------------------------------------------------|
| • REPREVE Certified | • Recycled EVA | • Lenzing: Lyocell, Modal, Viscose |
| • Cotton LEADS Certified | • Responsible Down Standard Certified | • bluesign® Certified |
| • Sourced through Better Cotton Initiative™ (BCI) | • EcoVero™ Certified | • CertiPUR-US Certified |

In order to display a “Responsible Product Features” section and apply Responsible Product Icons to the PDP, third-party certification is required. Depending on the certification, you may also need to provide a certification # and other substantiating information.

Recognized Third Party Certifications that Kohl's has agreed to display on a PDP, but will not have the icon displayed:

- UL GREENGUARD Certified
- UL GREENGUARD GOLD Certified
- UL 2884 Environmental Claim Validation Procedure (ECVP) for Substance Content Claims - Formaldehyde Free Claim Validation

Common Sustainability Attribute Pitfalls:

- Not providing a certification # for certifications where this is required
 - Global Recycled Standard Certified, Recycled 100 Claim Standard Certified or Recycled Blended Claim Standard Certified, OEKO-TEX, Organic 100/Blended Content Standard Certified, Global Organic Textile Standard Certified (GOTS)
- Not including a material percentage breakdown for recycled or organic materials
 - Applies to ALL claims of recycled/organic material, including recycled/organic products that do not have one of the Kohl's recognized 3rd party certifications.
- For OEKO-TEX: Not selecting “Yes - OEKO-TEX Certification is displayed on the product packaging”:
 - If your product has an OEKO-TEX certification, if this question is selected as “No”, we will be unable to display the OEKO-TEX claim on the PDP.

FOOTWEAR LEGAL GUIDELINES

- **Trademarks:** If copy or imagery features a trademarked term, brand name or logo, we cannot include the claim without confirmation you have the proper licensing to use it (Common examples include: Velcro, Onesie, Wiffle Ball, Luxury brands like Dior and Chanel, etc.)
- **Faux Fur:** We cannot have any products on kohls.com that contain real fur. You must confirm via the Faux-Fur attribute that "yes", your product contains faux-fur or "no", your product does not contain faux-fur. If you select "No Value", your attribution will be rejected.
- **Made in the USA:** In order to use "Made in the USA" on the PDP, the merchant group name must include "MIUSA"
- **New & Improved:** Kohls.com does not use the terms "new and improved" unless there truly are **substantial** or **significant** features that are both new **and** improved. The FTC closely examines an advertiser's use of the word "new" because it is no longer "new" after a certain period of time.
- **Non-Profits:** For non-profit donations, you must provide specific verbiage to be displayed on Kohls.com. You must also provide confirmation and documentation stating you will notify Kohl's if the donations change or stop.
- **Testing Claims:** Testing done under specific conditions (ie: multiple variables, disclaimers to testing) **cannot** be called out in copy. Testing done to compare against other models/brands **cannot** be called out in copy. For any copy callouts regarding claims about specific testing you must confirm you can provide documentation if requested to verify testing.
- **Proposition 65:** Vendors are responsible for providing Kohl's with the warning when it is needed. Specific attributes ask for Prop 65 info. Please fill out this attribute exactly as the disclaimer should appear on the PDP.
- **Tribal Names:** Kohls.com will not use any specific tribal names in any copy - this violates the Indian Arts & Crafts Act. Acceptable keywords include; general use of the word tribal, geometric, medallion, scroll, ikat and batik.
- **Vegan Leather:** Any Vegan Leather callouts in attribution require the vendor to provide some form of certification(PETA Certification, Materials Report etc.)
- **Utah Law Label:** Any article of bedding, upholstered furniture, quilted clothing, or filling material sold must be labeled and tagged correctly, and that the label is easily accessible to the consumer for examination before purchase. Because Kohl's is an online retailer, and these products will be on Kohls.com, we request that you upload to K-Link an image or rendering of the law label for each bedding, upholstered furniture, quilted clothing, or filling material product that will be sold on Kohls.com.
- **Wool:** If a product is 100% wool, you must state this specifically in attribution and be able to provide proof if requested.

REJECTIONS

Your attributes may be rejected for many reasons. Some of the most common reasons are listed here:

- You have not filled in a value for a **required attribute**
- You have filled in attributes with **conflicting information** (ex; machine wash and spot clean)
- You have filled in an attribute **incorrectly** (incorrect information, incorrect formatting, etc.)
- You indicated your product is Made in the USA, but the merchant group name does not include this
- You have selected an attribute value that **requires another attribute(s)** to be filled out, but you have **not filled out the additional attribute(s)**;
 - Your product requires a Prop 65 warning label, but you have not provided the text for the label
 - You have listed recycled or organic materials, but have not provided a percentage breakdown totaling 100% for what these materials are
 - Your product is intended to be sat or rode upon and you did not include maximum weight capacity

TIPS, TRICKS & BEST PRACTICES

- **Attribution Best Practice:** Designated attributes are customized for specific product types to provide accurate information efficiently. Please prioritize the use of designated attribute fields. The special features attributes should be reserved for unique product features that do not fit elsewhere, but would be crucial for understanding or selling the product.
- **Duplicative Information:** Due to the large number of product types Kohl's sells online, occasionally, there may be redundancies in attributes. Please do not provide duplicate information, as editing out redundancies slows the page build process and delays getting the product online.
- **Product Titles:** we advise against using robust marketing copy in your title to ensure readability and a seamless customer experience on our mobile platform. For these reasons, we recommend limiting your titles to 60 characters.
- **Gender:** do not include gender in product titles for non-gendered items
- **Branding:** be sure to enter your brand name exactly as you want it displayed on Kohls.com
- **Long Form Marketing Copy:** Avoid using large blocks of copy. It is preferred to separate copy out into individual features either using the Features 1-9 attributes or in a bulleted/list format in the Special Features/Selling Features attribute. Per guidance from our SEO partners, we do not necessarily use vendor copy verbatim in order to mitigate negatively impacting our SEO value and to stand out from our competitors for Google ranking. Kohl's aims to preserve a clear, concise and positive user experience, for all customers, including our mobile customers.
- **Sentence Case:** ALL CAPS and Proper Case should be avoided when filling out attributes. Please use Sentence Case ONLY when filling out attributes.
- **Controversial Products:** we will not sell controversial products on Kohls.com. These include but are not limited to products featuring; cultural stereotypes, jokes or puns regarding religion, political candidates, political parties, controversial groups, promotion of violence, gore, inappropriate innuendo, profanity, and inappropriate drug or alcohol use
- **Material Percentages:** there is no need to call out the percentages of materials used to create a product, unless you are making recycled or organic claims
- **Not Applicable:** avoid using the term "NA" or "na" without a forward slash "/" between the "N" and the "A" when you wish to skip an attribute or leave it blank. Our system has a problem with this specific term. Instead, please only use "N/A" or "No Value" when you would like to skip an attribute without leaving a value.
- **Dimensions:** Always list as H x W x L (or D) using prime marks. Example of dimension attribute with prime marks: 12"H x 4"W x 3"L. Use decimals instead of fractions
- **Conflicting information:** be cautious not to include conflicting information in your attributes (examples: machine wash and wipe clean; selecting "not included" for batteries, but listing "batteries included" in the Special Features)
- **Good-Faith Advertising:** If a product makes a claim, then that claim should be specific and accurate. Vendors may be asked to provide substantiation for certain claims.
 - Examples: Any claims that generalize the environmental benefits of a product will not be published: "green," "environmentally friendly", "eco-friendly", "Better for the environment/planet" etc.; Testing claims that assert one product to be superior to other models/brands will not be published
