

## Final Classification Process Imported 'first cost' Handbags, Wallets, Travel Bags

In an effort to maintain a high level of compliance and accurate and timely final classifications of these imported goods into the U.S., Kohl's final classification process has been revised. In lieu of sending final approved preclass samples to Kohl's, the Buying Agent/Vendor needs to upload requested images, completed Final Classification Worksheet, and any lab test report(s) in OnePLM **prior to** Kohl's Product Development's Finalization meeting (as noted on Product Development's Time and Action calendar).

Requested images, completed Final Classification worksheet(s), and any lab test report(s) must be attached to the offer line in each style file in OnePLM.

- **Images - Handbags/Travel Bags**
  - Front – full close up view (entire bag)
  - Front – laid on flat surface, body of bag only (do not include straps/handles), with the aid of rulers in image, clearly showing dimensions in **inches** (height & width) at bag's widest part
  - Back – full close up view (entire bag)
  - Interior - clear, close up view
  - “Set” pieces – front, back, and interior close up views of each 'set' piece
- **Images - Wallets**
  - Front – close up view (Note: 'folded' view if bi-fold or tri-fold wallet)
  - Interior – close up view (Note: 'unfolded' view if bi-fold or tri-fold wallet)
- **Completed final Classification Worksheet - Imported Handbags, Wallets, Travel Bags**
  - Revised Final Classification Worksheet enclosed
- **Lab Test Reports** – as required for tariff/classification purposes; not testing done for integrity/quality issues

NOTE: Final approved production-like samples will only be needed upon special request from Kohl's

Contact Kohl's OnePLM team ([oneplmsupport@kohls.com](mailto:oneplmsupport@kohls.com)) for OnePLM training or questions.

Agent/vendor should regularly access Kohl's vendor K-Link website (<https://link.kohls.com/>)

for current compliance information (per US federal laws/regulations), classification process information, and/or shipping/entry documentation requirements.
