

CHARGEURS PCC

Interlining / Technical Service

GLOBAL SUPPLIER PROVIDING LOCAL SERVICE

Chargeurs PCC is a manufacturer of interlinings and other apparel trims with production facilities in US, China, France, Bangladesh, Sri Lanka, Ethiopia and Argentina. Chargeurs PCC through its global network of support offices aids in the technical application of interlining. We have technical staff to support your factories in the manufacturing of their garments. We test fabrics to ensure compatibility with the interlining and carry this process from development to the final stages of manufacturing.
