

On-Garment Packaging Guide

QUESTIONS?

Creative: Kristin Rechlin, Angela Minga | **Graphics Production:** Darren Lussow | **Sourcing:** Dawn Schairer | **GSPS:** Lauren Aghijan
PM: Jamie Weidman, Michelle Fall

Purpose

This guide is the current and up-to-date approved On Garment Specifications.
It is a one-stop-shop for all apparel category kit-of-parts and placement guidelines.

Please see the [Packaging Execution & Production Share Drive](#), [Packaging Template Library Guide](#) and/or the [Packaging Variable Guide](#) for additional information and resources.

For EAS placements and other Loss Prevention Guidelines please see the [Product Protection Store Resource](#) for details.

Table of Contents

may hang
front facing**

Men's, Women's & Kids' Bottoms

Hanging Packaging Application

1. Heat Seal or Screen Print

- Apply to inside back waistband
- Center vertically on waistband height
- Center logo vertically on waistband and align horizontally with center seam

1a. Endfold Label

- Apply to center of waistband, back customer-facing side
- Center vertically and horizontally on waistband

EXCEPTION: 1b. Loop Label

- Apply under back waistband
- Center horizontally with center seam

2. Joker

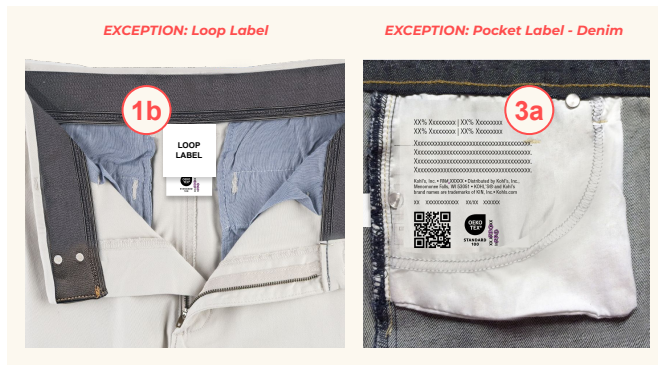

- Attach to back customer-facing right side, UPC facing inside of garment
- Place exactly 2" (5 cm) from center seam on bottoms size over Kids' 12
- Place exactly 1" (2.5 cm) from center seam on bottoms Kids' sizes 0-12
- Avoid placing directly under pinch clips - position slightly to the side of clips

3. Care & Content Label

- Apply under back waistband
- Center horizontally with center seam

EXCEPTION: 3a. Pocket Label - Denim Only

- Apply on outside of customer-facing right side pocket liner/bag

Men's, Women's & Kids' Bottoms

Folded, front facing

Packaging Application

1. Heat Seal or Screen Print

- Apply to inside, back waistband
- Center vertically on waistband height
- Center logo vertically on waistband and align horizontally with center seam

1a. Endfold Label

- Apply to center waistband, back customer-facing side
- Center vertically and horizontally on waistband

EXCEPTION: 1b. Loop Label

- Apply under back waistband
- Center horizontally with center seam

2. Joker

- Attach to front customer-facing right side
- Position 2" (5 cm) from front center seam or pant opening
- Avoid placing directly over belt loops - position slightly to the side of loops

3. Care & Content Label

- Apply under back waistband
- Center horizontally with center seam

EXCEPTION: 3a. Pocket Label - Denim Only

- Place on outside of customer-facing right side pocket liner/bag

4. Size Strip

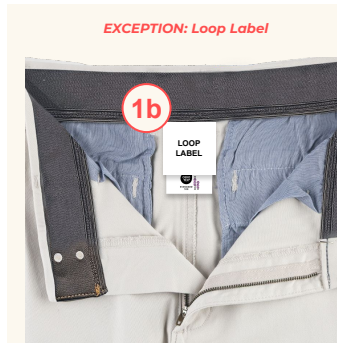

- Align size strip vertically with side seam
- Position 1" from outer side seam
- Quarter folds: place 2.5" (6.35cm) above and 2.5" (6.35cm) beneath the bottom fold

EXCEPTION: 4a. Size Strip

- Position 1" left of the customer-facing right cargo pocket

EXCEPTION: Cargo Bottoms

EXCEPTION: Loop Label

EXCEPTION: Pocket Label - Denim

Boys size 0-12 & Girls 0-12

Casual Elastic Bottoms

Folded, front facing

Packaging Application

1. Heat Seal or Screen Print (vertical)

- Apply to inside back
- Place 1" below waistband and 1" away from center seam on customer-facing right side

1a. Heat Seal or Screen Print (waistband)

- Apply to inside back waistband
- Center vertically on waistband height
- Center logo vertically on waistband and align horizontally with center seam

EXCEPTION: 1b. Loop Label

- Apply under back waistband
- Center horizontally with center seam

EXCEPTION: 1c. Endfold Label

- Apply to center waistband, back customer-facing
- Center vertically and horizontally on waistband

2. Care & Content Label

- Apply under back waistband (behind loop label)
- Center horizontally with center seam

3. Size Strip; integrated

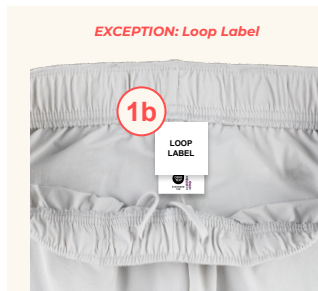

- Place size strip vertically centered on main fold line
- Place 1" to left of right seam or fold
- Long bottoms, quarter folded: place 3" (7.5cm) above the bottom fold and 3" (7.5cm) below fold

3a. Size Strip - Small or Short Bottoms

- Place size strip vertically, 1" above leg opening
- Place 1" from customer-facing right side seam
- If size strip is longer than the leg, fold the size strip so the UPC is inside of leg opening; Do not wrap under leg opening/seal it shut

EXCEPTION: 3b. Size Strip— Cargo Bottoms

- Position 1" left of the customer-facing right cargo pocket

EXCEPTION: Cargo Bottoms

Unique Bottoms

Overalls & Overall Shorts

Hanging

Packaging Application

1. Heat Seal or Screen Print

- Apply to inside back waistband
- Center vertically on waistband height
- Center logo vertically on waistband and align horizontally with center seam

- Place size strip vertically centered on fold of garment
- Place 1" from customer-facing right fold
- Place 2.5" (6.35cm) above and 2.5" (6.35cm) beneath bottom fold

3. Care & Content Label

- Attach to customer-facing right inside side seam, 2.5" (6.35cm) above finished hem, sweep seam or top of side vent

Combined labels only

Combined labels only

EXCEPTIONS: center back seam

Tops*

Folded to Hanging

Packaging Application

**Includes sportswear & active tops as well as knit & woven tops*

1. Heat Seal or Screen Print

- Apply ½" below customer-facing center back neck seam
- Center left-to-right on garment

1a. Endfold Label

- Apply at or ½" below customer-facing center back neck seam, binding edge or back neck tape
- Center from left-to-right on garment

1b. Loop Label

- Insert below neck seam, binding edge or back neck tape
- Center from left-to-right on garment

EXCEPTION (all): If there is a center back detail, place 1" away from center seam to customer-facing right

2. Size Strip

- Place size strip vertically centered on fold of garment
- Place 1" from customer-facing right fold
- Place 2.5" (6.35cm) above and 2.5" (6.35cm) beneath bottom fold

3. Care & Content Label

- Attach to customer-facing right inside side seam, 2.5" (6.35cm) above finished hem, sweep seam or top of side vent

4. Hangtag

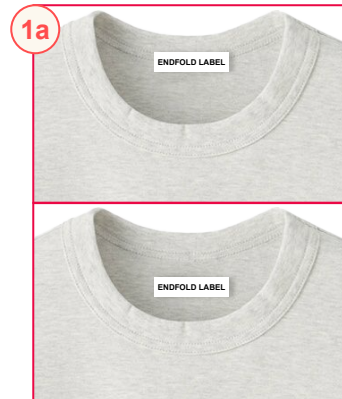

- Attach to customer-facing right underarm seam or arm hole
- For sets of multiple apparel items, attach to top item of set

EXCEPTION: 4a. Satin & delicate fabrics

- Attach to fabric label in neckline when fabric is too delicate to support a hangtag
- Place hangtag in interior of garment with brand facing forward

Combined labels only

Combined labels only

EXCEPTIONS: center back seam

EXCEPTION: delicate fabric

Jackets, Vests & Outerwear

Hanging

Packaging Application

1. Preferred: Patch Label

- Apply ½" below customer-facing center back neck seam, binding edge or back neck tape
- Center from left-to-right on garment

1a. Denim Patch

- Layer the Patch Label over the denim patch
- Center from left-to-right

1b. Loop Label

- Insert below neck seam, binding edge or back neck tape
- Center from left-to-right on garment

1c. Heat Seal or Screen Print

- Apply ½" below customer-facing center back neck seam
- Center from left-to-right on garment

2. Hangtag

- Attach to customer-facing right underarm seam or arm hole

EXCEPTION: 2a. Satin & delicate fabrics

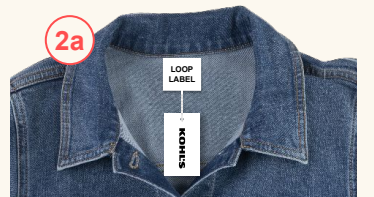

- Attach to a Loop Label in neckline when fabric is too delicate to support a hangtag
- Place hangtag in interior of garment with brand facing forward

3. Care & Content Label

- Attach to customer-facing right inside side seam, 2.5" (6.35cm) above finished hem, sweep seam, top of side vent, or slit.

EXCEPTION: delicate fabric + loop label

Active & Kids'

Boys 0-12 & Girls 0-12

Feature Stickers

Packaging Application

1. Tops & Bottoms

- Apply sticker 1" above size strip, aligned vertically, unless this touches pocket or seam. See Exception for other application when needed

EXCEPTION (all): If garment is too small or short for sticker to be placed above size strip without overlapping pocket or seam, sticker should be placed ½" to the left of the size strip

EXCEPTION:
baby/toddler shorts

Men's Tailored Dress Shirts

Hanging

Packaging Application

1. Endfold Label

- Apply at or $\frac{1}{2}$ " below customer-facing center back neck seam, binding edge or back neck tape
- Center from left-to-right on garment

1a. Mitre Label

- Insert into neck seam, binding edge or back neck tape
- Center from left-to-right on garment

2. Size Loop Label

- Attach to the bottom of the main fabric label
- Center from left-to-right on label

3. Integrated Shoulder Sticker

- Apply over the customer-facing right shoulder; wrap so gusset is over the hanger and UPC is on back of garment

4. Care & Content Label

- Attach to customer-facing right inside side seam, 2.5" (6.35cm) above finished hem, sweep seam or top of side vent

Men's Tailored Dress Shirts

Folded

Packaging Application

1. Endfold Label

- Apply at or ½" below customer-facing center back neck seam, binding edge or back neck tape
- Center from left-to-right on garment

1a. Mitre Label

- Insert into neck seam, binding edge or back neck tape
- Center from left-to-right on garment

2. Size Loop Label

- Attach to the bottom of the main fabric label
- Center from left-to-right on label

3. Integrated Size Strip

- Place size strip so it is vertically centered on fold of garment
- 3" (7.5cm) of size strip above fold and 3" (7.5 cm) below fold
- 1" to left of customer-facing right fold edge

4. Care & Content Label

- Attach to customer-facing right inside side seam, 2.5" (6.35cm) above finished hem, sweep seam or top of side vent

5. Neck Band

- Place inside the collar area, ensuring it follows the curve and fits securely within the collar's inner structure. Align logo horizontally with center seam.

Men's Tailored Sport Coats & Suit Jackets

Hanging

Packaging Application

1. Endfold Label

- Apply vertically on inner collar, horizontally aligned with center seam

1a. Mitre Label

- Insert into neck seam, binding edge or back neck tape
- Center from left-to-right on garment

2. Size Loop Label

- Attach to the bottom of the main fabric label
- Center from left-to-right on label

3. Jacket Pocket Flasher

- Attach to the customer-facing right chest pocket, Brand facing forward

4. Sleeve Joker

- Attach to bottom of customer-facing right sleeve, UPC folded into sleeve

5. Care & Content Label

- Attach to customer-facing right inside side seam, 2.5" (6.35cm) above finished hem, sweep seam or top of side vent

Sleepwear Bottoms

Hanging

Packaging Application

1. Heat Seal or Screen Print (vertical)

- Apply to inside back
- Place 1" below waistband and 1" away from center seam on customer-facing right

1a. Heat Seal or Screen Print (waistband)

- Apply to inside back waistband
- Center vertically on waistband height
- Center logo vertically on waistband and align horizontally with center seam

EXCEPTION: 1b. Endfold Label

- Apply to center waistband, back customer-facing side
- Center vertically and horizontally on waistband

2. Hangtag

- Attach to the customer-facing right waistband side seam
- Use 4.5" attachment allowing tag to hang over waistband on outside of garment

3. Care & Content Label

- Apply under back waistband
- Center horizontally with center seam

Sleepwear Tops

Hanging

Packaging Application

1. Heat Seal or Screen Print

- Apply ½" below customer-facing center back neck seam

- Center from left-to-right on garment

1a. Endfold Label

- Apply at or ½" below customer-facing center back neck seam, binding edge or back neck tape

- Center from left-to-right on garment

1b. Mitre Label; knit & woven tops only

- Insert below neck seam, binding edge or back neck tape

- Center from left-to-right on garment

EXCEPTION (all): If there is a center back detail, place 1" away from center seam to customer-facing right

2. Hangtag

- Attach to customer-facing right underarm seam or arm hole
- For sets of multiple apparel items, attach to top item of set

EXCEPTION: 2a. Satin & delicate fabrics

- Apply to the fabric label in neckline when fabric is too delicate to support a hangtag
- Place hangtag in the interior of garment with brand facing forward

3. Care & Content Label

- Tops: Attach to customer-facing right inside side seam, 2.5" (6.35cm) above finished hem, sweep seam or top of side vent

Combined labels only

Combined labels only

EXCEPTIONS: center back seam

EXCEPTION: delicate fabric

Sleepwear Sets

Folded or Hanging

Packaging Application

FOLDED:

1. Belly Band

- Wrap around horizontally, centered between neckline and top of size strip, brand in front
- Ensure the belly band fits tightly enough not to shift and/or slide off

2. Size Strip

- Place size strip vertically centered on fold of garment, 1" to the left of customer-facing right fold
- Place 2.5" (6.35cm) above and 2.5" (6.35cm) beneath bottom fold
- For sets of multiple apparel items, apply to top item of set

HANGING:

3. Hangtag

- Attach to customer-facing right underarm seam or arm hole
- For sets of multiple apparel items, attach to top item of set

4. Collar Card:

- Hanger hook goes through the gusset hole
- If there are extra item(s) or socks: attach the socks/extra item directly to the collar card. Socks should be placed directly on top of one another—do not stagger

5. Care & Content Label

- Tops: Attach to customer-facing right inside side seam, 2.5" (6.35cm) above finished hem, sweep seam or top of side vent

Adaptive Tops*

Folded

Packaging Application

**Includes sportswear & active tops as well as knit & woven tops*

1. Heat Seal or Screen Print

- Apply ½" below customer-facing center back neck seam
- Center from left-to-right on the garment

EXCEPTION: If there is a center back detail, place 1" away from center seam to customer-facing right

2. Warning Label

- Apply to customer-facing center back neck seam
- Right of the heat seal or label on the garment

EXCEPTION: If there is a center back detail, place ½" customer-facing left of center seam

3. Size Strip

- Place size strip vertically centered on fold of garment
- Place 1" from customer-facing right fold
- Place 2.5" (6.35cm) above and 2.5" (6.35cm) beneath bottom fold

4. Care & Content Label

- Attach to customer-facing right inside side seam, 2.5" (6.35cm) above finished hem, sweep seam or top of side vent

EXCEPTIONS: center back seam

Adaptive Bottoms

Folded

Packaging Application

1. Heat Seal or Screen Print

- Apply to inside, back waistband
- Center vertically on waistband height
- Center logo vertically on waistband and align horizontally with center seam

2. Joker

- Attach to front customer-facing right side
- Position 2" (5 cm) from front center seam or pant opening
- Avoid placing directly over belt loops - position slightly to the side of loops

3. Care & Content Label

- Apply under back waistband
- Center horizontally with center seam

4. Warning Label

- Apply to customer-facing right back seam
- Right of the Care & Content label on the garment
