PROTOCOL # 430-C							
Storage Unit with Shelves Rating							
Performance Test	Test Method	Samples	Requirement	(Section or exec. Summary which failed items can be referenced)			
Initial Package							
Label Verification							
Label Review	Care Labeling 16 CFR 423 16 CFR 300/ 19 CFR 134 Textile Fiber Products Identification Act 16 CFR 303	All Samples	Should be legibly marked with the following information: -Distributor's name, trademark or other means of identification of the manufacturer or packer & address (City, State & Zip) -Product identification -Net quantity of the contents in terms of weight, measure or numerical count				
	Wool Products Labeling Act		(Metric & US Standard) or a combination so as to give accurate information and facilitate value comparison by the consumer -Country of origin (if imported)				
Parts Labeling	Visual Check	1 Sample	Shall match the actual content if present.				
Labeling of Leather Fiber and Imitation Leather (if applicable)	16 CFR 24	1 Sample	Leather fiber and imitation leather product shall meet all applicable requirements.				
Sharp Points & Edges	16 CFR 1500.48 & 49	1 Sample	Products intended for children shall not exhibit non-functional sharp points or sharp edges				
Maximum Weight Capacity	Visual Check	All Samples	Shall be displayed on the product conspicuously. Record data.				
Warning Label (for shelving – if applicable)	Visual Check	All Samples	"Never allow children to stand, climb, or hang on shelves"				
Warning Label (for shelving – if applicable)	Visual Check	All Samples	"Place heaviest items on the lowest shelf"				
Age Grading	ASTM F 963 5.2	All Samples	Shall be properly labeled				
Adult Assembly Labeling (If Applicable)	ASTM F 963 5.8 & 6.4	All Samples	Shall be properly labeled				
Flammability of Solids (if applicable)	16 CFR 1500.44	1 Sample	Shall not burn at a rate exceeding 0.1 in./sec.				
Flammability of Textiles (if applicable)	16 CFR 1610	1 Sample	Class 1				
Flammability for Vinyl Material (if applicable)	16 CFR 1611	1 Sample	Shall not exceed 1.2 inch/second of average rate of burning.				
(Nepresent) Instructional Literature /Assembly Instruction (Needs to be provided – Lab HOLD if not provided)	Visual Check	All Samples	Information and instructions shall provide safe use, or proper assembly or both, and care instruction. Shall be legible and easy to read.	Provided Verified Not Provided			
Import Permit (For Natural Materials Only) If Applicable	US Department of Agriculture Animal and Plant Health Inspection Service (APHIS), Plant Protection and Quarantine (PPQ	All Samples	Product shall not have prohibited materials present per US Department of Agriculture, Animal and Plant Health Inspection Service (APHIS), Plant Protection and Quarantine (PPQ) Documentation and/ or proper permit(s) for specific product shall be supplied along with Testing Request form and samples. Permit information may be found at: https://www.aphis.usda. gov/wps/portal/aphis/home/ It is the vendor's responsibility for the compliance to relevant requirements.				
Adult Tracking Label: **If space limitations exist, contact Kohl's Quality Assurance & Product Integrity teams to discuss minimum required information MR.QA. PI@kohls.com	Kohl's Requirement	All Samples	Should be rated as pass/fail Can be included on packaging when necessary: Kohl's Assigned Factory Number Manufacture Date (Month/Year) UPC #				

EPA TSCA Title VI – Composite Wood - Sample Declaration Form and Mill Certificate (if applicable)	40 CFR 770	All Samples	If wood of any type is present in the sample, submitter shall provide a completed and signed Sample Declaration Form. Sections A, B, and E of the Sample Declaration Form must always be completed. • If regulated composite wood is not present in the sample, result is N/A.	
			If regulated composite wood is present in the sample:     Submitter shall provide a copy of the certificate issued by the Third Party Certifier (TPC) for the mill(s) from which the raw panels were purchased     All information on the certificate shall be consistent with the Sample Declaration Form     Section D of the Sample Declaration Form must also be completed	
			Notes: •Include a copy of the Sample Declaration Form in the report • Regulated composite wood includes: - Hardwood plywood (HWPW) - Medium-density fiberboard (MDF) - Thin medium-density fiberboard (Thin MDF) - Particleboard (PB) • Mill certificate must indicate compliance with TSCA Title VI. It is no longer acceptable to have the certificate indicate compliance with CARB's ATCM for formaldehyde in lieu of compliance with TSCA Title VI.	
EPA TSCA	40 CFR 770.45(a)	All Samples	Panels or bundles of panels must be labeled with the following:	
(if applicable)	40 CH ( 7 0.40(a)	Al Joinpres	<ul> <li>The panel producer's name</li> <li>The number of the EPA TSCA Title VI Third Party Certifier (TPC)</li> <li>A statement of compliance to denote that the panels comply with TSCA Title VI TSCA Title VI Notes:</li> <li>A panel producer number may be used instead of a name to protect identity</li> <li>Raw panels are regulated composite wood products that have not been used to create a finished good</li> <li>The compliance statement must denote compliance with the TSCA Title VI tis no longer acceptable to have the panel labeled as compliant with CARB's ATCM for formaldehyde in lieu of TSCA Title VI compliance statement.</li> </ul>	
EPA TSCA Title VI – Composite Wood	40 CFR 770.45(c)	All Samples	Finished goods containing regulated composite wood shall comply	
Finished Good Labeling			with the labeling requirements found in 40 CFR 770.45(c). At a minimum, the label must be on the product OR the packaging The label may be applied as a stamp, tag, or sticker The label shall include, at a minimum, in legible English text: 1. Fabricator's name 2. Date the finished good was produced (in month/year format) 3. A statement of compliance to denote that the finished good complies with TSCA Title VI Example: XXX Company MM//YYYY EPA TSCA Title VI compliant for formaldehyde Notes: Client does not allow the use of the de minimis exception found in 40 CFR 770.45(c). All finished goods containing regulated composite wood shall include labeling pursuant to the above requirements of 40 CFR 770.45(c).	
			A statement of compliance that denotes the finished good complies with CARB's ATCM for formaldehyde will be accepted in lieu of a TSCA Title VI compliance statement until March 22, 2019. Rating Schedule: On or after June 1, 2018: Compliant submission shall be rated as pass Non-compliant submission shall be rated as fail	

Formaldehyde Emission of Composite Wood Product - State of California (if applicable)	Airborne Toxic Control Measure (ATCM), California Code of Regulations, Title 17, § 93120	All Samples	Composite wood products include finished goods composed of or containing hardwood plywood (HWPW) made with either a combination core (CC) or a veneer core (VC), particleboard (PB), and medium-density fiberboard (MDF)), or finished goods composed of such products made with no-added formaldehyde based (NAF-based) resins or ultra-low emitting formaldehyde (ULEF) resins, shall not release formaldehyde exceeding the regulatory limits. In lieu of testing, valid certificate or test report or certificate can be submitted if dated within one year.	
Labeling of Composite Wood Product - Formaldehyde Emission - State of California (if applicable)	Airborne Toxic Control Measure (ATCM), California Code of Regulations, Title 17, § 93120	All Samples	Composite wood products include finished goods composed of or containing hardwood plywood (HWPW) made with either a combination core (CC) or a veneer core (VC), particleboard (PB), and medium-density fiberboard (MDF), or finished goods composed of such products made with no-added formaldehyde based (NAF-based) resins or ultra-low emitting formaldehyde (ULEF) resins, shall be labeled in accordance with the regulations and meet all applicable requirements.	
CPSIA Tracking Label	Visual Check	All Samples	In lieu of testing, valid certificate or test report or certificate can be Kohls Tracking label Requirements – Includes "Kohl's", the product style number or name, the manufacturer's factory number and the month and year the product was manufactured. Shall be permanently and distinguishably marked on the product.	
Small Parts Warning	ASTM F 963 5.11	All Samples	WARNING: CHOKING HAZARD – Small parts. Not for children under 3 yrs.	
Physical Characteristics				
Overall Dimensions	Std. Measure	1 Sample	Report Actual. Shall comply with any claims (If applicable)	
Overall Weight	Std. Measure	1 Sample	Report Actual. Shall comply with any claims (If applicable)	
Part Inventory	Visual Check	1 Sample	Shall meet label claims.	
Tipover Restraints for Clothing Storage Unit (Expanded Scope: similar items to verified by tech spec or BOM) - State of New York (if applicable)	US State Law, State of New York, Harper's Law (Assembly Bill A4421B) / ASTM F2057 Section 4.4 & 4.5 / ASTM F3096	All Samples	Free-standing clothing storage furniture (27 inches and above in height) shall meet the tipover restraints requirements prescribed in ASTM F2057.	
Warning Label Clothing Storage Unit (Expanded Scope: similar items to verified by tech spec or BOM) – State of New York (if applicable)	US State Law, State of New York, Harper's Law (Assembly Bill A4421B) / ASTM F2057 Section 8	All Samples	Free-standing clothing storage furniture (27 inches and above in height) shall have a permanent warning label, as specified in Section 8 of the Standard, attached to the unit in a conspicuous location when in use.	
Clothing Storage Units (Expanded Scope: similar items to verified by tech spec or BOM)– Labeling (if applicable)	ASTM F2057	All Samples	Shall comply with labeling requirements as specified in the standard.	
Clothing Storage Units (Expanded Scope: similar items to verified by tech spec or BOM) - Physical & Mechanical (if applicable)	ASTM F2057	All Samples	All Samples Shall comply with physical and mechanical requirements (stability) as specified in the standards.	
Performance (functions, aesthetics)			1	
Ease of Assembly/ Installation (if applicable)	Actual Use	1 Sample	Shall present no difficulties during assembly and installation when following instructions.	
Functionality	Actual Use	1 Sample	Shall function as intended as received.	
Defects	Visual Check	1 Sample	No observable defects such as: - Cracks, tears, or breaks on the product or its accessories. - Serious scratches on external surfaces. - Discernible surface degradation, including loose threads, crazing, shivering, denting, bubbles, cracks, stains, deformations, chips, fractures, heavy lines, waves, shear marks, scratches, scuff marks, indentations, or blisters. - Shall be free of contamination, dirt, and debris. - Components missing, malformed, and/or fractured	
		1 Sample	Shall have no breakage, loss of functionality, loss of serviceability	
Cycle Test / Test for Buttons, Switches, and/or Moving Components (if applicable)	Actual Use	1 bumple	after 200 times / cycles use of buttons, switches, and/or moving components.
