

Rejected Attribution

Kohl's may reject attribution if it appears incorrect or more information is needed. You'll be notified of the rejected merchant group, and will have the opportunity to correct the attribution & re-submit to Kohl's.

From the style screen, click on the orange comment to the right of the status to see notes from the Kohl's team. Rejected attributes will be highlighted in red.

Use Single Style Edit, Mass Update, Grid Edit View or export to Excel to make needed changes to the attribute(s).

Once attribution has been updated, the status will change to "Ready to Submit" and you will be able to submit attribution back to Kohl's. Once submitted, the status will change to "Submitted".
