

Thank you for being a trusted supplier for Kohls. Your partnership is important to us as we continue to have a fabric first strategy. Using data gathered from our supplier network we have created standardized Kohls Fabric SLT terms and commit dates to drive consistency, clarity and agility for external and internal partners to understand the value of our Kohls Fabric SLT. The below updates will go into effect for SP25 development season.

Please review the **Kohls Fabric SLT terms** below. It is our expectation that these terms are followed. If you are unable to meet these please reach out to your Kohls Materials partner for further discussion.

Please see the **Kohls Fabric SLT commit** dates below. Commit timing is listed as weeks from the first garment in DC. Each season you will align with your Kohls Materials Team on the appropriate commit timing based on country of production and fabrication.

- Woven Commit 29 weeks from garment in DC
- Knit Commit 27 week from garment in DC
- Woven and Knit Commit 24 weeks from garment in DC
- Knit Commit 22 weeks from garment in DC

Please review the above process updates for our Kohls Fabric SLT's and let the Kohls Materials Team know if you have any concerns.
