On figure lighting is bright, crisp, open and front lit.

## LIGHTING DIRECTION

Lighting for Omni off-figure product should come from a soft source either left or right to reveal shape and texture while providing a soft grounding shadow.

The images within this style guide are reflective of lighting expectations. How it is achieved may vary, but please note that the end result must match.

All assets are for Omni Channel use and therefore must meet the following usage standards: 2 Years Unlimited Print & Electronic Media for use by Kohl's and Kohl's Affiliates for the life of the product.

It is imperative that ALL propping of on-figure fashion photography MUST be with Kohl's merchandise. This includes all tops, bottoms, shoes and accessories. Use of non-Kohl's merchandise or improper/unmanaged talent usage poses legal risks and will be prohibited.
