

The background features a dynamic, abstract design with glowing blue and white light trails that curve across the frame. A bright, multi-colored starburst effect is visible on the left side, creating a sense of motion and energy. The overall color palette is dominated by deep blues and bright whites, with hints of orange and red from the light trails.

## Primary Benefits

The pursuit of **DULON** drives in providing the best possible value, leading edge technology, solid quality and services.

### Highly Organize System

Dulon believes every customer has a right to access accurate relevant information. Relevant information of a product or service can be explained to you anytime, so that you will be aware of important information.

### QC R & D

We have built full set of Quality Control System to do in-house testing and also send the zipper to be tested by INTERTEK, FITI, KOTITI, ITS/SGS, ETC. To make your brand label characteristic in the market, we are able to implant your idea in customized new pull tap.

### Listening to the Voice

To increase customer satisfaction, it is important listening to the voice of customers to communicate well so that information can be provided successfully and to avoid misunderstandings.

# 02

## Primary Benefits

The pursuit of **DULON** drives in providing the best possible value, leading edge technology, solid quality and services.

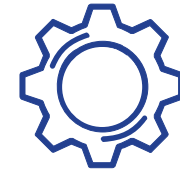

### Swift Response

To increase customer satisfaction, respond to messages promptly and keep customer informed can save a lot of time because relevant information will be provided to you very quickly.

### Mentoring for Solution

The knowledge and experience that we gain can certainly be beneficial if shared with customers, but the sharing is also an enriching experience. Learning, support, shared experience are benefits of mentoring. **DULON** believes mentoring can help to satisfy the customer needs.

### Technical Supports

We do in-house testing in our own labs and also send the zipper to the testing institute to meet customer needs. Technical support may be delivered over the telephone or online by e-mail or a web site.
